

# **PRESENTATION** ASSET MONETISATION IN ROAD INFRASTRUCTURE

# **ASSET MONETISATION**

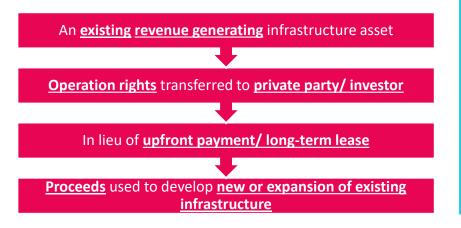

### Introduction

Various options for the funding infrastructure projects:

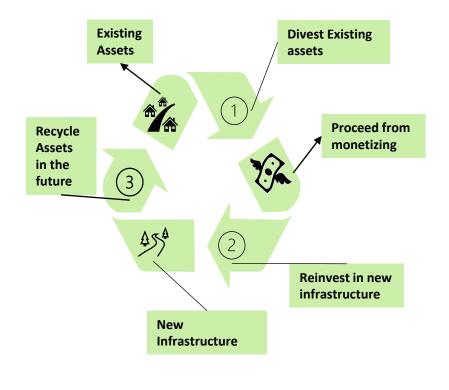

- ✓ Commercial Banks
- ✓ Bonds
- ✓ Infrastructure Funds

Another potential option to fund <u>new (or expansion)</u> infrastructure developments is through **Asset Monetisation** (or Asset Recycling) of <u>brownfield</u> <u>revenue generating</u> infrastructure projects.

#### ASSET MONETISATION – KEY CONDITIONS

#### **ASSET MONETISATION – SUMMARY**

Source: YOG INFRA

# **ASSET MONETISATION**

### Introduction

#### **BENEFITS OF ASSET MONETISATION**

Helps Government budget - Sold infrastructure assets are brought into tax base and Government no longer pays for maintenance and other expenses of that asset.

Efficient maintenance of assets by the private party

Beneficial for increase in capacity and number of the government assets.

Government get upfront payment that is debt free which reduces the burden of repayment

#### **PROFESSIONAL OPPORTUNITIES**

Structuring & packaging of monetisation assets

Portfolio Financial Modelling

Deal due-diligence (Bid perspective)

Tax and Accounting Advisory

Ongoing financial advisory (both procurement and bid perspective) e.g. Statutory auditors

# TOLL-OPERATE-TRANSFER (TOT) MODEL IN INDIA

# **TOLL-OPERATE-TRANSFER (TOT) MODEL IN INDIA**

### Introduction

### **Key Features**

### **5** bundles

Total number of asset bundles Identified by NHAI and tendered until March 2021 under TOT scheme.

### 20 years

Earlier the concession agreement signed were for 30 years , than later in 2020 it was changed to.

### **Upfront lease payments**

to NHAI in exchange for the operation and maintenance based on specified KPIs of highways

### **Rolling concession period**

Concessionaire takes demand risk, but the concession period may increase or decrease per actual traffic

**Key Benefits** 

TOT scheme enables **upfront payment** of lease to fund other infrastructure projects and enable capital to be recycled to finance other infrastructure builds and upgrade.

**Encourage private sector participation** to broaden the funding base and reducing reliance on debt (institutional investors including Pension & Insurance Funds, Sovereign Wealth Funds, etc. )

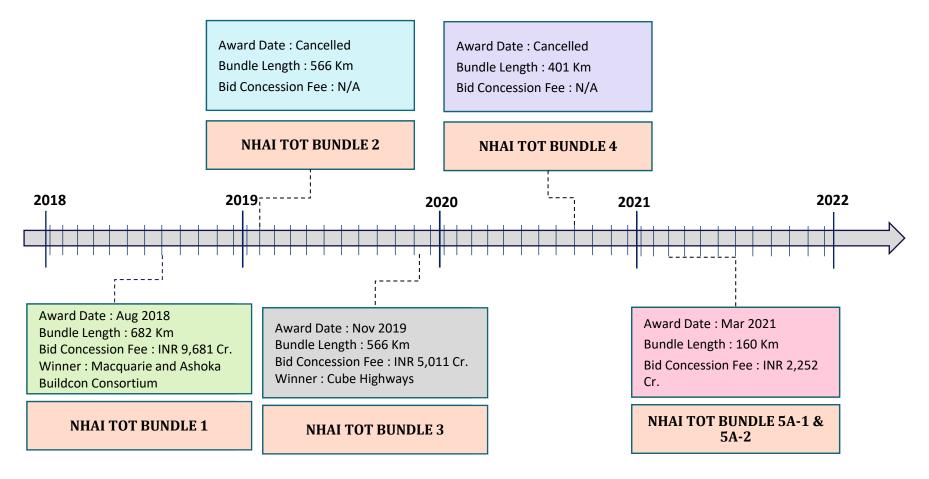

Harness private sector innovation and efficiency – the private sector will operate the assets for a 20-year concession period.

# **TOLL-OPERATE-TRANSFER (TOT) MODEL IN INDIA**

Bundles Tendered till date – Timeline

# **TOLL-OPERATE-TRANSFER (TOT) MODEL IN INDIA**

### ToT Bundles Under Pipeline

| NHAI Bundle       | Length | No. of Roads | Description  |
|-------------------|--------|--------------|--|
| NHAI TOT Bundle 6 | 108 Km | 2            | The auction is for two road concessions of a combined 108km.<br>Both stretches have four lanes each, one of which is the 32.8km Agra<br>bypass in Uttar Pradesh state. The second is 75.3km and connects the<br>cities of Shivpuri in Madhya Pradesh to Jhansi in Uttar Pradesh.   |
| NHAI TOT Bundle 7 | 135 Km | 1            | One of the highway included in this bundle 7 auction, is the 135km<br>Eastern Peripheral Expressway cutting across the states of Uttar Pradesh<br>and Haryana.   |
| NHAI TOT Bundle 8 | 206 Km | 2            | Two of the highways are included in this bundle 8 auction.<br>One of these is the stretch in Maharashtra is 139km long and runs from<br>Borkhedi village to the Telangana state border and another one is the<br>highway in Odisha is 67km and connects the state capital of<br>Bhubaneshwar to the coastal resort town of Puri. |

# NATIONAL MONETISATION PIPELINE (NMP) – INDIA

# NATIONAL MONETISATION PIPELINE (NMP)

### Introduction

National Monetisation Pipeline (NMP), published in **Aug-21** by Government of India accounts for **5.4%** of the total investment for National Infrastructure Pipeline (NIP)

# ₹

# 111 lakh crores (USD 1.5 Trn)

Investment for National Infrastructure Pipeline (NIP) is projected to over 5 years (FY20 – FY25).

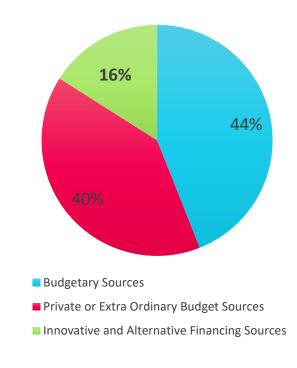

# Transport (58%), Energy (27%)

account for majority of sectoral assets for monetization.

#### FINANCING SOURCES FOR NMP

# NATIONAL MONETISATION PIPELINE (NMP)

### Asset Monetisation Models

| BROWNFIELD PPP CONCESSION  |  | ESSION LEASE   |   | INVESTMENT TRUSTS  |  |   |  |  |  |
|--|--|--|---|--|--|---|--|--|--|
| 1) Operate Maintain<br>Transfer (OMT)  | 2) Operate Maintain<br>Develop (OMD)   | 3) Long Term Lease   | 4)  | InvIT  |  | 5) RIET   |  |  |  |
| Under the Operate<br>Maintain Transfer<br>(OMT) structure, an<br>operational asset,<br>which has the potential<br>for immediate revenue<br>collection, is handed<br>over to the private<br>party for O&M over the<br>concession period.<br>Since the existing<br>project has established<br>demand/ revenue<br>stream, the project<br>structure does not<br>suffer from volatility<br>risks. | Under the Operate<br>Maintain and Develop<br>(OMD) structure, an<br>operational asset, but<br>due for augmentation<br>or expansion, is handed<br>over to the private<br>party for augmentation<br>and O&M over the<br>concession period.<br>Usually, the operations<br>of such asset remain<br>uninterrupted with<br>augmentation<br>undertaken while the<br>asset is operational. | A lease is an agreement<br>whereby the lessor<br>confers to the lessee<br>the right to use an<br>asset for an agreed<br>period in return for a<br>payment or series of<br>payments.<br>This model is likely to<br>be adopted in sectors<br>which require a licence.<br>E.g.,<br>telecommunication<br>sector. | In<br>ov<br>m<br>se<br>ca<br>th<br>ba<br>To<br>La<br>Se<br>(3<br>(3<br>(3<br>(1 | troduced in 2014<br>frastructure asset<br>wners to pool in<br>oney from a diverse<br>et of investors against<br>ash flow generated by<br>ne assets on a periodic<br>asis.<br><b>o. of Active InvIT's</b> : 9<br><b>otal AUM</b> : ~ INR 1.4<br>akh Cr. (USD 189 Bn)<br><b>ectors:</b> Roads<br>18.5%), Telecom<br>12%), Gas Pipeline<br>.1%), Power (17.4%),<br>bre Optic (1.1%) |  | Introduced in 2007<br>Real Estate Investment<br>Trusts (REIT) are similar<br>in structure to InvITs.<br>Only real estate<br>projects are eligible<br>under this structure.<br><b>No. of RIET</b> : 3<br><b>Total AUM</b> : ~ INR<br>66500 Cr. (USD 89 Bn) |  |  |  |

### **Key Terms Of OMT Concession**

| Key<br>Requirement    | <ul> <li>Operational asset, preferably with one complete<br/>cycle/ year of operations</li> </ul>   |
|-----------------------|---|
| Potential<br>Projects | <ul> <li>Projects newly constructed and commissioned by<br/>the public asset owner through its own funds (EPC<br/>etc.)</li> </ul>                          |
|                       | OR  |
|                       | <ul> <li>Project originally tendered out through PPP<br/>modes, and for which have concession period is<br/>complete or termination has occurred</li> </ul> |
| Primary               | Operations and Maintenance (O&M) of assets  |
| Obligations           | <ul> <li>Provide service to users against a pre-determined/<br/>regulated or market-based fee</li> </ul>  |
| Investor Class        | <ul> <li>Strategic investors or Infrastructure developer<br/>with direct involvement / oversight in operations</li> </ul>                                   |
| Selection             | <ul> <li>Through competitive bidding process and as per<br/>prescribed guidelines of Government</li> </ul>  |
| Other Terms           | Standard term as in case of PPP projects  |

### **FUTURE LOOK A LIKE**

### Operation Maintain Transfer (OMT) – Contractual Framework

| Consideration     | <ul> <li>Upfront or Annual Premium (Fixed OR in form of revenue share)</li> <li>Variation of model where an upfront value is bid and paid by Concessionaire is TOT</li> </ul> |
|-------------------|---|
| Concession Period | <ul> <li>10 years or more, however, depending on the asset category.</li> <li>Longer concession periods with pre-defined terms of augmentation preferable</li> </ul>          |
| 0&M               | <ul> <li>The concessionaire is responsible and will bear all the expenses for the Operation and<br/>maintenance of the road</li> </ul>  |
| Project Revenue   | <ul> <li>The Concessionaire takes the market risk and collect revenue through toll fee from the user of<br/>the road</li> </ul>   |

# INTERNATIONAL CASE STUDIES

# **INTERNATIONAL CASE STUDIES**

1 - WestConnex Highway, Australia

WestConnex Highway

The new south Wales government sold stake in WestConnex project under the asset recycling initiative (ARI).

51%

Stakes were sold in 2018

### AUD9.3bn

Was the amount paid by the Transurban led consortium to acquire majority stake

This enabled the state government to manage the financing of the project and fund the construction of later stages of the scheme.

# \_=Transurban

# **INTERNATIONAL CASE STUDIES**

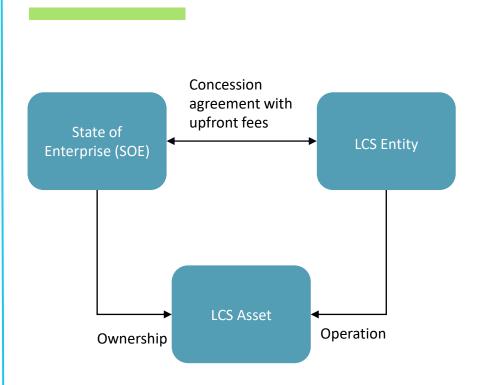

2 - Limited Concession Scheme (LCS), Indonesia

#### **Limited Concession Scheme**

- As an alternative to the existing Public-Private Partnership (PPP) scheme, the Government of Indonesia has recently introduced a new Limited Concession Scheme ("LCS")
- Under this scheme, the Concessionaire will have operating rights, but the ownership of the asset stays with the state of enterprise
- Limited Concession Scheme "LCS" is an asset recycling model: it involves the use of existing public sector assets to access private financing.
- Sectors covered

### **Structure of LCS**

# **INTERNATIONAL CASE STUDIES**

3 - Indiana Toll Road Concession, USA

### **Indiana East-West Toll Road**

In 2006, the State of Indiana privatized a major east-west highway, the Illinois-Indiana Toll Road, also known as the Indiana East-West Toll Road.

### 156 miles

highway runs through Northern Indiana, connecting the states of Ohio and Illinois

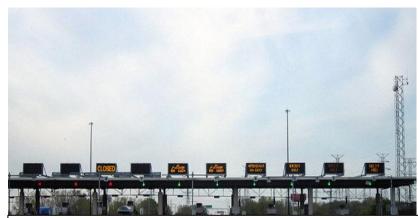

### \$3.8 billion

was winning bid

Foreign-owned operator of Indiana toll road files for bankruptcy

IFM Investors to Acquire Indiana Toll Road Concession

March 11, 2015 09:33 AM Eastern Daylight Time

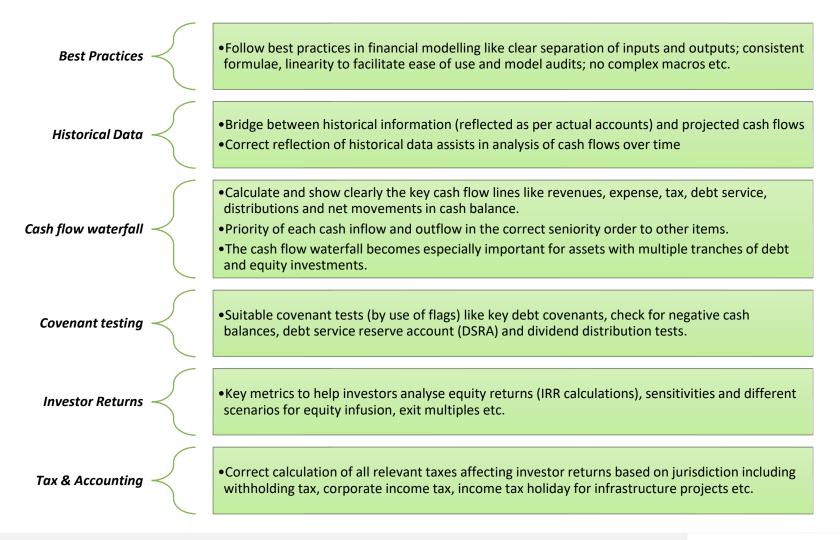

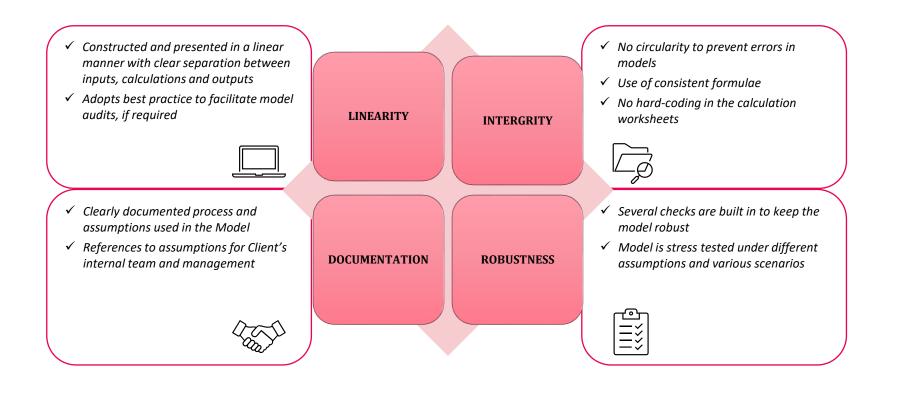

Key considerations for a portfolio level financial model

### Industry Best practices

We follow below industry best practices for developing financial models for infrastructure projects.

# **FIRM PROFILE**

A brief firm profile of YOG INFRA with an introduction to our service offerings.

Limited circulation with prior consent © YOG INFRA. All rights reserved.

### **YOG INFRA**

### About Us

Our objective is to drive economic growth and make positive social impact through sustainable infrastructure development.

YOG INFRA is an infrastructure focused financial advisory firm. We work with Developers and Development Finance Institutions (DFIs) and help them make informed investment decisions across infrastructure development lifecycle.

With our offices in Singapore and India, we work on projects globally, and the team brings strong experience in supporting development of infrastructure projects.

#### **OUR SECTOR COVERAGE**

The team members of YOG INFRA have experience in advisory services across below mentioned infrastructure sectors:

Renewable Energy (Solar, Wind, Hydro)

Energy Transition (storage, hybrids, EV)

Water and Waste Management

Transport (Road, Rail, Ports, Airports)

Urban Infra (Affordable

Housing, Real Estate)

Social Infra (Health, Education, Sports)

We bring international experience across Asia, Middle East and Africa, which enables us to incorporate best industry practices in our services to help clients deliver sustainable infrastructure projects.

#### VARIED SECTOR KNOWLEDGE

¥=

ൣ

150

9001:2015

We possess working knowledge of various infrastructure sectors to deliver sectoral learnings in our service offerings to clients and meet their specific objectives.

#### STRONG COUNTRY RELATIONSHIPS

We have developed strong relationships with local partners across Asia; which has proven valuable to get insight in the country specific context for our advisory services.

#### QUALIFIED PROFESSIONALS

All our team members are qualified and subject matter experts in their respective fields. We also have an expert panel with experienced professionals across multiple geographies.

#### ISO CERTIFICATION

We are ISO 9001:2015 certified company; an international standard that specifies requirements for a quality management system (QMS). We strive to consistently provide high quality deliverables.

#### VALUE-ADD SERVICES

We partner with other firms to provide complimentary value-add advisory services (technical, legal and tax) as per client requirements specific to the project/ transaction.
